שוויון סוף-סוף!

החלטה היסטורית: בית המשפט העליון קבע סוף להפרדה

11. The Supreme Court has ruled that racial segregation in public schools is unconstitutional. This decision is a landmark in the history of civil rights in the United States. It means that all children, regardless of their race, must attend the same schools. This is a great step towards equality.

12. The Court's decision is based on the principle of equality under the law. The Constitution guarantees that all citizens are created equal. Racial segregation in schools violates this principle. The Court has ruled that separate schools for different races are inherently unequal.

13. This decision is a victory for the civil rights movement. It shows that the courts are willing to stand up for the rights of all Americans. It is a step towards a more just and equal society. We hope that this decision will lead to further progress in the fight against racism.
